

Programs taught in English YU

Students are welcome to apply to study programs as follows, and they can apply for 2015 Spring semester from now on.

Undergraduate programs taught in English

MBBS

Electrical Engineering

Civil Engineering

Petroleum Engineering

International Economy and Trade

Chinese language

Postgraduate programs taught in English

Nursing

Oil-gas well engineering

Oil-gas field development engineering

Oil-gas storage and transportation engineering

Oil-gas field of applied chemistry

Petroleum mining machinery

Crop

Agricultural Geology

Plant Protection

MBA

Enterprise management

Technological economy and management

Cultural industry management

Agricultural and forestry economy management

Phd programs taught in English

Information detection and oil and gas equipment

Oil-gas well engineering

Oil-gas field development engineering

Oil-gas storage and transportation engineering

Oil-gas field of applied chemistry

Petroleum mining machinery

Crop science

Crop protection

Horticultural plant resources and utilization

Agricultural geology
